Request Detail:

Info re proposal for special purpose vehicle jointly between Chorley Council and LCFT

Chorley Council next week are to recommend to establish a special purpose vehicle jointly between Chorley Council and LCFT. How will a body for the whole of Lancashire do this ? It further goes on to say it will manage and deliver an integrated community wellbeing service b. To transfer the management and delivery of identified services to the special purpose vehicle c. To adopting joint management and oversight arrangements for the new service d. To contract with the new special purpose vehicle for the resourcing, delivery and performance management of services.

Response Detail:

The Trust response to your request is as follows:

“The business case recognises that the public service environment is complex and fragmented, and that different services are best suited to different spatial levels and population sizes. The functions that would be included in the integrated community wellbeing service are those which are best suited to a Chorley borough spatial level or smaller, and are those which are already delivered on a Chorley footprint or could be reconfigured to do so.”
