

FOI Request Response information

FOI request reference:	2016/270
Date request received:	20/10/2016
Date request responded to:	18/11/2016
Category:	Service delivery
Tags:	Psychiatric, inpatients, delays, discharge, cost

Request Detail:

Over the past five years (2012/2013/2014/2015 and January 1st – September 30th 2016) how many psychiatric inpatients have experienced delays to their discharge from hospital?

Please give the breakdown per calendar year and, if you deal with adult and children's services, please also give the breakdown for over 18s and under 18s.

Please give a list of reasons for the delays and the corresponding number of patients affected by that reason.

If possible, please also give the total number of days delayed per year because of each reason.

How much did these delays cost the trust? Please give the cost per year and explain how this figure was worked out, e.g. it may cost the trust £100/day for an inpatient bed.

Response Detail:

The Trust response can be found in the attached pdf document.

Please note we have been unable to ascertain the cost of beds for the delay. The information provided is based on the information used to submit on Unify and also in the Trust QPR submission.
