### Request Detail:

Please would you be able to provide me with details of your out of area placements by month from January 2016 to date. I have attached a template which I would appreciate it if it could be used to supply the information, this contains two sheets, I would like to know the numbers sent out of area by month and the number of bednights that those people have subsequently been out of area.

Would you be able to split the information into the districts you provide services and include a trust total and separate Adult, Older Adults and PICU information?

Please could you attribute the bednights to the month they were sent out of area, for example if someone was sent out of are on the 29th March for 10 days please count the full 10 days within the March figure. If placements are ongoing please count the number of bednights to date and attribute to month the placement started.
