The Trust response to your recent FOI request can be found in the attached pdf document.

Review Detail:

Thank you very much for the attached information, especially the details about CCGs. You have answered part 1 but I think may have missed part 2. There are a couple more questions that were not answered. It would be really helpful if you could supply that information also. I re-attach the original question sheet.

Primarily we need to know postcodes for the 7 locations at which the service can be accessed; upper and lower age boundary of service and the specific types of service available. Please see the section I have highlighted in yellow on the attachment.

I have checked on the website to try and get the information direct but it is not available and I have been unable to get through to the service on the phone to ask in person.
